Frequently Asked Questions?

When will my THINK Course finish?
If you have not completed the course by the last trimester of delivery (listed in the table below) then you will be able to transition to the equivalent Torrens course.

</tr>
</tbody>
</table>

Subject offerings each trimester will be as per the THINK Education Teach Out Plan for your course and campus location. More details can be found on the Student Hub.

Will I get credit if I transfer to the Torrens courses?
THINK Education and Torrens course structures are different therefore not all THINK Education subjects gain direct credit with the relevant Torrens courses. If you anticipate that you will need to transfer to Torrens you need to plan your course progressions so you receive maximum course credit into the Torrens program.

To ensure best credit transfer:
- review the subject mapping documents (available on the Student Hub)
- note the subjects with no credit transfer option
- plan your Torrens elective subjects in advance.

What should I do if I have a pre or co-requisite block?
Students can request to waive a pre or co-requisite subject by emailing student services. In your email, you will need to provide context for why you would like the subject pre/co-requisite waived.

The Program Director or delegate can review your subject selection and escalate for manual enrolment if approved.

Will I be able to study on campus at Torrens?
Most theory subjects will be available in both the online and on campus study mode. As the Torrens course is in start-up, some theory subjects may only be available in the online mode. Your success coach will be able to assist you with course progression planning for on campus study.

Please note that the clinical and practical components of the Bachelor courses have compulsory on campus attendance as per professional association standards.

Can I study on campus if I am an international student?
International students have visa requirements regarding on campus attendance. Please reach out to your Success Coach to gain advice to ensure you are adhering to your visa conditions.

Who do I speak to about course progression planning?
Success Coaches are able to assist you with course progression planning. Success Coach contact detail are listed on the Student HUB.

Student services can also assist with simple queries regarding subject selection.
How can I find out about Course Fees?

If you are required to transition from THINK Education to Torrens at the teach out date you will not be disadvantaged.

Students who wish to transfer to Torrens are advised to review the Torrens course fee schedule available on the Torrens website: [https://www.torrens.edu.au/apply-online/fees#opt-course-tuition](https://www.torrens.edu.au/apply-online/fees#opt-course-tuition)

You can use the subject fee breakdown information to gain further information on your individual subject cost. Information is on the Torrens website: [https://www.torrens.edu.au/apply-online/fees#opt-course-tuition](https://www.torrens.edu.au/apply-online/fees#opt-course-tuition)

Torrens University course fees are exempt from the 25% loading that is applied to fee-help loans for non-university RTO providers such as THINK Education.

Your Torrens offer letter will contain information on your course fees. Please review this important information.

If you have any further questions please contact the Finance Team on: studentfinance@torrens.edu.au

Are scholarships available?

Torrens University & THINK Education regularly award scholarships which may be based on merit. At times, other scholarships may be applied more broadly to a student group or cohort. THINK Education graduates are eligible for an Alumni Scholarship at Torrens University.

If you are currently on scholarship in a THINK Education course the scholarship will be honoured at the Torrens equivalent course.

I am interested in voluntary transfer, what should I do?

- Review the information on the Student HUB
- Speak with a Success Coach to assess your eligibility to transfer.
- Submit the transfer form to one of the following:
  o Student Services front counter at your campus
  o For THINK Education (ACNT) Pyrmont, Brisbane and Online groups: studentservices@think.edu.au or studentservices@torrens.edu.au
  o For THINK Education (SSNT) Melbourne: sservices@think.edu.au
- Once your request has been assessed, you will receive a new offer letter which you need to read, sign and return.
- As this is an internal transfer, there are no transfer fees required.
- You can submit your form any time prior to the start of the trimester.
- We recommend you submit requests as early as possible.
